(OUT OF ISTANBUL)

Namik Ekinci
Chairman of ÇELFED
(Turkish Steel Federation)

"Now, our industry has a platform. I thank those who contributed."

Namik Ekinci *Chairman of ÇELFED (Turkish Steel Federation)*

"We have an international customer mass. In the exhibition, we have had an opportunity to meet with the visitor groups we have not met before."

Ali Yeniocak *(Export Sales Executive of Tosyali Holding)*

"In Turkey that is the eighth largest steel manufacturer in the world, you have led the realization of the most serious and comprehensive metal exhibition organized until today. Our main sadness was that the Turkish iron-steel manufacturers could not come together and organize a worldwide known exhibition until today. However, you have paved the way for the Anatolian companies like us."

Arif Obekli *(Planning Manager of Nevsac Boru)*

The views of authorities

"Companies in the industry need to merge and develop in order to take part in the global competition. Such organizations provide opportunities for the institutions to merge with each other."

Tuncay Sergen Vice Chairman of ÇELFED (Turkish Steel Federation)

"Turkey needs such an exhibition."

Veli Gun MKEK Heavy Weapon and Steel Factory Manager

"In this exhibition, Turkey will actually reach a substructure that allows it to represent the iron-steel industry at a certain point. Therefore, may God make it easy for them. I believe that the steel industry will need such large areas, and that the attention of more qualified companies and also foreign companies can be brought to here. ."

Hasan Buyukdede Deputy Minister of Industry and Technology of The Republic of Turkey
